BILBO WILL ENTER RACE FOR SENATE.

When the Time Comes He Will Be a Candidate, Says Governor.

JACKSON, Miss., May 8.—"Meaning what are you going to do in a political way, while you are building up the Mississippi feeble-minded colony, or helping out a fellow who is frequently happens, spent the week-end in Jackson.
I am going to run as a candidate for the United States Senate to succeed William C. Williams, when the time comes," declared the governor, emphatically.
Hitherto, when asked this question, Gov. Bilbo has either declared his intention to go down on the farm and raise his own living out of his own ground, or else gotten around making a direct declaration of his intention to run for the Senate.
But the governor has been constrained to take his equivocal declaration with considerable salt laid on, and to just simply stand by and await the course of events.

Tragic Death of Dan S. Reynolds.

Dan S. Reynolds, born and reared in Bay St. Louis, and a nephew of the late Col. and Mrs. Dan B. Seal, met a tragic death at Mulga, near Birmingham, Ala., last Saturday afternoon, the result of a collision with a car driven by Jim Blake, negro, who was driving the car at a high rate of speed when he was struck by the car.
Reynolds was a young man, married and had two children. He had worked for the Woodward Iron Works, a number of years and was highly respected in his community.

THE COMING AMATEUR ATHLETIC UNION CHAMPIONSHIPS MEET IN BAY ST. LOUIS.

In last week's issue of The Echo we defined the importance of the amateur athletics, which constitute an important part of the life of a citizen here would have through the country.
Just a word about the track. The amateur athletes here from all over the South and give them all over the country. It is a pity that the good citizens of Bay St. Louis have experienced through war work, baseball, football, etc. it would be a hardship to the country for more contributions. The College of all instances been a heavy contributor to this case is going to bear the financial brunt of the undertaking. With little or no funds at their command, and already have given very near a four hundred and forty dollars and two hundred and forty dollars to be paid. With Messrs. Victor L. and Ed. Prevost, assisted on Thursdays by some of the college boys the work of an army of men has been accomplished. The teams are not yet in the condition necessary for good competition, but due to the untimely traffic on the days when baseball games are played here, the finishing touches will not be put before a week previous to the big meet.

The straightaway will have a thin covering of cemented cinders whereas the circular track will be well packed, rolled and graded to perfect condition. Jumping pits, weight circles, judges' stands, etc. are still a few of the things to be constructed.

THE COST OF THE MEET
College to give Bay St. Louis the very best obtainable in athletic equipment, appreciation of the splendid co-operation of the citizens it is desired to show in these columns what tremendous financial outlay it will require to accomplish this project. The medals alone will cost \$450.00. When one considers the cost of thirty blanks, the construction of one hundred hurdles (which are being sold at \$10.00 apiece by A. G. Spaulding & Co.) jumping standards, shots, hammers, javelins and other such paraphernalia, progressing advertising matter, etc., added to the cost of medals, it is easily seen that a considerable outlay of money is required.

WHO DERIVES THE DIRECT BENEFITS?
Now, who derives the benefits? Bay St. Louis. Not the College. Bay St. Louis—Not the College. States and also in Europe. Furthermore, the visiting athletes, officials and their friends are coming here at their own expenses, and as they will be here two days it means that money will be brought and spent in Bay St. Louis. It can easily be seen that as far as bringing money here, this undertaking is the greatest undertaking in the history of our beloved city.

People here in all branches of business should get their share and this place as a city will receive gratuitously broadcast advertisement. ATTENDANCE WILL BE A RECORD BREAKER.
It is the sincere hope that the attendance from a local standpoint will be a record-breaker. It is the sincere hope that the attendance from a local standpoint will be a record-breaker. It is the sincere hope that the attendance from a local standpoint will be a record-breaker.

COMPETE SATURDAY.
William Stack, captain of the St. Stanislaus Track Team, will compete in Birmingham Saturday (today) in the 300, 220 and 140 yard runs, also the high and broad jumps, also there will be watched with interest, as it will give a fair idea of the chances in the championships. Stack in company of Bro. Lambert left yesterday morning.

ENTRY LIST PROMISES TO BE A HEAVY ONE.
Early reports go to show that the entry list will be a heavy one. No entries have been received as yet, but these in charge at the different institutions in Dixie have already intimated that they were hard at work getting teams and individuals ready to send here. The track meet to be held in Birmingham Saturday will show what a large number of competition can be expected here. The 25th and 26th of the best athletes competing there will be picked and entered in the championships here.

For more than Forty Years Cotton Growers have known that POTASH PAYS

More than 11,651,200 Tons of Potash Salts had been imported and used in the United States in the 20 years previous to January, 1915, when shipments ceased. Of this 6,460,700 Tons consisted of

KAINIT

which the cotton grower knew was both a plant food and a preventive of blight and rust,—with it came also 1,312,400 Tons of

20 per cent MANURE SALT

which has the same effects on Cotton, but which was used mainly in mixed fertilizers.

Shipments of both Kainit and Manure Salt have been resumed but the shortage of coal and cars and high freight rates make it more desirable to ship Manure Salt, which contains 20 per cent of actual Potash, instead of Kainit, which contains less than 13 per cent actual Potash.

MANURE SALT can be used as a side dressing on Cotton in just the same way as Kainit and will give the same results. Where you used 100 pounds of Kainit, you need to use but 62 pounds of Manure Salt, or 100 pounds of Manure Salt go as far as 161 pounds of Kainit.

MANURE SALT has been coming forward in considerable amounts and cotton growers, who cannot secure Kainit, should make an effort to get Manure Salt for side dressing to aid in making a big Cotton Crop.

Muriate of Potash

50 per cent actual Potash, has been coming forward also,—100 pounds of Muriate are equivalent to 400 pounds of Kainit or 250 pounds of Manure Salt.

These are the three Standard GERMAN Potash Salts that were always used in making cotton fertilizers and have been used for all these years with great profit and without any damage to the crop.

The supply is not at present as large as in former years, but there is enough to greatly increase the Cotton Crop if you insist on your dealer making the necessary effort to get it for you.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often
Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in treating these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is now realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent Life Insurance Companies, in an interview on the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected, is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

THE CRACK-O' DOOM FOR NASTY CALOMEL

Feltz Abandoning Old Drug for "Dodson's Liver Tonic," Here in South.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with your bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tonic.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tonic for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tonic is destroying the sale of calomel because it can not sallow or make you sick.—Adv.

"I couldn't bear anyone to even touch me. I was so sore, not even to turn me in bed. My sides, back and head all pained me, just all the time."

"We had the doctor every day and he did everything he knew how. It looked like. Yet I lay there suffering such intense pains as seems I can't describe."

"Finally, I said to my husband, 'let us try Cardui.' . . . He went for it at once, and before I had taken the first bottle the . . . came back, the soreness began to go away, and I began to mend. The intense pressure seemed all at once to leave my head, and before long I was up."

"I took three bottles and was well and strong and able to do my work. I believed, Cardui saved my life. . . . I cannot praise it enough for what it did for me."

Phoenix City, Ala.—"When I was a young girl Dr. Pierce's Favorite Prescription not only saved my life but it also enabled me to have a strong and healthy womanhood. For nearly a year I suffered with suppression. Eight months of that time I was helpless in bed and suffered intensely. This was caused by my getting wet feet at a critical time when I was six years old. All that time I was under the doctor's care, but did not improve. I had gotten weaker all the time and was nearly dead when a neighbor sent me a bottle of Dr. Pierce's Favorite Prescription. I took it and within a few days I was able to get up and walk. GOOD ROADS

MORAL NECESSITY TO BUILD

To Maintain Happy and Prosperous People on Farms We Must Improve Rural Conditions.

By J. DENNY O'NEIL, Pennsylvania Highway Commissioner.

The problem confronting the highway department in these abnormal times when labor and material are so scarce and so high is this: Shall we go ahead constructing new roads? I am convinced that good roads are an economic as well as a moral necessity. We must have food, and if we want boys and girls to stay on the farm to produce it, we must dig them out for the mud by building roads so they can get to market or to a railroad.

There are places in Pennsylvania where it costs more to haul farm products to a railroad station than it does to pay the freight to France. As in the past, the hope of the future from a moral point of view, is to maintain a happy, contented and prosperous people on the farms and in the small towns and villages. They don't produce L. W. W.'s bullet-box stuffers, election fraud crooks, gun-

A Brick Road in Pennsylvania.

men and commercialized vice on the farms. These are the exclusive products of the cities, and if we want to keep the people away from the cities, we must give them good roads and do what we can to improve living conditions in rural communities.

FARMERS ARE BEHIND ROADS

National Grange Officers Confer With Senator Townsend on Bill He Has Introduced.

Proceeding in accordance with instructions given them at the annual meeting of the National Grange, held recently in Grand Rapids, Mich., Washington representatives of the organization, which comprises some 700,000 farmers, have conferred with Senator Charles E. Townsend of Michigan and will hold further meetings with him on the measures which he has introduced in Congress providing for a national highway system to be built and maintained by the government under the direction of a federal commission.

In a special report adopted at the grange meeting, it was held that the time has come when, with due regard for the present and future necessities for permanent, hard-surfaced highways, all the highway activities of the national government should be unified in a single administrative department under such limitation of powers as will secure the greatest possible degree of efficiency and economy in the expenditure of national funds.

VITAL IMPORTANCE OF ROADS

Modern Medicine Points Out There Are Few Physicians and Nurses in Rural Communities.

That good roads are of vital importance to the health of a community and particularly those who live in rural communities is shown in an article in Modern Medicine. It is pointed out by the writer that there are few physicians, few nurses, and practically no hospital facilities in rural districts. In some communities, even in older states, there is only one practicing physician to 1,500 population. Hardships of travel make young physicians scarce. Better highways, he points out, will lead physicians to go after country practice in increasing numbers.

HIGHWAY WORK IN WYOMING

Now Under Way \$2,500,000 Worth of Federal Aid Improvements—More to Follow.

There are now under way in Wyoming \$2,500,000 worth of federal aid highway improvements. These improvements are the first ones of a program contemplating the expenditure of \$8,000,000 in three years.

THREE PRINCIPAL DIVISIONS

Due Consideration Must Be Given to Location to Reduce Cost of Maintenance.

The three principal divisions of actual road making are location, construction and maintenance. In planning a road it is necessary that we take into consideration all three of these steps, since proper location affects the cost of construction and may materially reduce cost of maintenance.

New Roads in New Jersey.
New Jersey is building a network of new roads. Many of these are 30 feet wide. Of this 18 feet are macadam and 12 feet are concrete.

Business of Farming.
The whole business of farming is a seasonal one, and the weather is a factor in the success or failure of the crop.

SALTS IF BACKACHE AND KIDNEYS HURT

Stop Eating Meat for a While if Your Bladder is Troubling You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overloads the kidneys in their effort to filter it from the blood and they become sort of paralyzed and sluggish. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inoffensive, cannot injure and makes a delightful, effervescent lithia-water drink.—Adv.

"Cascarets" is biggest selling Laxative-Cathartic for Liver and Bowels

Twenty-five million boxes of Cascarets were sold last year to folks who wanted relief without injury, from Constipation, Bloatingness, Indigestion, Gases, Colics and Sick Headache. CITY ECHOES.

—Tomorrow, Sunday, Mother's Day.

—Hon. T. E. Kellar, county superintendent of education for Hancock, is spending the week at Jackson, attending the State Teachers' convention.

—Mrs. Gertrude Capdepón Bertin, Sr., and son Martial, Jr., returned to Crawley, La., a few days since, after visiting her parents. She will reside in Crawley in future.

—Mrs. N. B. Hutton and family have leased the Gaspard place, State street, formerly occupied by Mr. A. Tourne and family, who have moved to Poplarville, where they will reside in future.

—Miss Marie Augustin returned from New Orleans Thursday evening, and while in that city attended a formal dinner and social function at Newcomb College, where she formerly held the chair of French.

—Mr. and Mrs. A. E. Lucas of New Orleans, have leased one of the Sange properties in Carroll avenue for the summer season. Mr. Turner is assistant manager of the Turner Commercial Co., at New Orleans.

—The local management of the Western Union Telegraph Company has caused to be done an entire re-ovation of the interior of the office, which adds largely to the attractiveness of the place and shows decidedly a stroke of enterprise.

—Mr. George Briere, prominent-ly connected in the office of the United Fruit Company, at New Orleans, is spending part of his vacation with friends in Bay St. Louis, and with his mother, is registered at the Victoria Hotel. They are no strangers here, and have quite a circle of friends to welcome them. Before returning home they will spend a week at Biloxi.

—Louis Mayer, member of the firm of Frankel & Mayer, owners of the large department store at Eunice, La., has rented for the summer season the smaller of the Urquhart dwellings on the beach front. The larger of the two places was also rented this week to Captain John Anderson, who will operate the ferry across the bay.

—J. Magne, consulting chemical engineer, with offices in New Orleans and Mexico City, during the week from Walter J. Gleason the dwelling on the beach front, adjoining Mr. Gleason's own home, for a cash consideration of \$5,600. Mr. Magne intends making Bay St. Louis his permanent home. The sale was made through the real estate office of E. E. Lucas.

—It will be of interest to local Shriners contemplating taking the Portland trip from New Orleans, on June 10th, to learn that Hamasa Temple will operate a special dining car Pullman train. On this trip all members of the Nobility, their families and friends will be welcomed for a member will be welcome.

—Mrs. Erasmus J. Olivari and little daughter, Misses Celeste and Alicia, left here for their home in Houston, Texas, Tuesday morning, after a stay of a few days here, visiting at the home of their relatives, Mrs. F. Olivari and Mrs. M. Beyer, on the beach front. Mrs. Olivari was called from her home last week by a message announcing the death of her father, which sad event occurred at his home in Pensacola, Fla.

—Luger Maufrey, second oldest son of Mr. and Mrs. Joseph O. Maufrey, was taken to Hotel Dieu, New Orleans, during the week, where he successfully underwent an operation for appendicitis. Mr. Maufrey accompanied his son and is still at his bedside. Late reports are that the patient is doing as nicely as possible. The urgent prayer of the community is that he will soon recover and be restored to the bosom of home and friends.

—Mr. John Osoinach returned home this week from a stay at Memphis, Tenn., where he visited his son, Mr. J. A. Osoinach, and on his way home spent a day with his daughter, Miss Lucille, who is a student at Whitworth College, Brookhaven. Mr. Osoinach enjoyed his stay at Memphis, meeting many of the business and other prominent men, with whom he came in contact largely. While in Memphis, although for a comparatively short while, Mr. Osoinach was called to the attention of the community by his son, Mr. J. A. Osoinach, who is a student at Whitworth College, Brookhaven.

—LOST: One Hundred and Eighty Six Dollars and Fifty Cents, Thursday morning along railroad right-of-way between Washington street and the Merchants Bank. Liberal reward. Address Adèle Benjamin, R. R. ave., between Washington and Citizens sts.

—LOST: Black purse, containing check from Government for \$57.00 in favor of Mrs. Harriet Ladner; money and letters; lost this Saturday along beach front of Main street, from Edwards' Garage to Fahey's Drug Store. Finder will return to Post Office, Bay St. Louis.

—"Elmwood Manor," recreation home for the attaches of the Saenger Amusement Company, at New Orleans, after a season of renovation, added improvements and a touch here and there about the place that will add charm to the eye and to the personal comforts of the many whose privilege it will be to linger here from time to time during the summer. It will formally open for the reception of its guests on Saturday, May 15th, and the day will be marked with simple but fitting ceremony. The place will accommodate at a time about fifty guests and it is expected this number will be housed under the hospitable roof from now on until the fall season. It will mean the bringing here of hundreds and hundreds of the season that otherwise would not come to Bay St. Louis, as the guests will come from the Saenger Company's some seventy-odd theatres scattered all over the South.

—The base ball game tomorrow afternoon at the local park, 2:30 o'clock, between S. C. and Spring Hill, promises to be the best game of the season, and it is confidently hoped that sufficient appreciation and recognition is not accorded the college and the athletic association in their combined effort to give Bay St. Louis a baseball season that the average town solicits, willing to pay for and does not get. It will be noted the College has gotten nothing but the best to come here, and has supplied the cry for Sunday baseball. The attendance has been anything but encouraging—the gate receipts at time not paying the expenses of the visiting teams. This should not be the case when one considers that the College has scheduled all of its games for Bay St. Louis. Towns where the teams come from would be only too glad to have the S. C. boys play there. Let us think about the apparent injustice and apply the remedy with a larger attendance at every game.

—At a regular meeting of St. Joseph's Auxiliary, held at the basement of the Convent building Tuesday afternoon, after balloting, the following named officers were elected for the ensuing year: Mrs. (Dr.) Alphonse P. Smith, president; Mrs. Chas. G. Moreau, vice president; Mrs. L. A. Porter, second vice president; Miss Y. Cox, treasurer; Mrs. A. O. Porter, secretary. The society will meet on the 2nd of June.

—We Picked Up Seven Large Dead Rats First Morning Using Rat-Snap. So writes Mr. B. E. Carpenter, Woodbridge, N. J.: "We lost 18 small chicks one night, killed by rats. Bought some RAT-SNAPS and picked up 7 large dead rats next morning and in two weeks didn't see a single rat. RAT-SNAPS are good and sure. Three sizes, 25c 50c, \$1.00. Sold and guaranteed by L. A. deMontuzin Sons, Hancock and Bay-Mercantile Company."

—A formal call has been issued to stockholders of the Banderet Oil Co. for a meeting to be held at the court-house on Wednesday night, May 19th. This will be the first stockholders' meeting and is called for the purpose of adopting by-laws, receiving the charter and the election of permanent officers and for the transaction of all business necessary and proper at a first general meeting. The call says: "The meeting is important and immediate drilling is desired. All interested should be present and have first-hand information as to the wonderful prospects for oil on our holdings and to know of our good financial condition." The prospects for the Banderet Oil Company are exceedingly bright, a fact which is gladly noted for the reason that so many of our people have already identified their interests with the company.

—Mr. A. G. Nichols, manager of the Service Garage, returned home Thursday night from Cleveland, O., accompanied by Mr. H. Spoto. While away he purchased two cars, loads of Chandler and Cleveland "Six" cars, which were driven under his motor power from Cleveland to Bay St. Louis, and at which point they were placed aboard cars and shipped to Bay St. Louis by direct freight. These are splendid cars and on arrival will be placed on exhibition in the Carver Building, corner Front and Washington streets. Messrs. Nichols and Spoto report a satisfactory business trip and a most enjoyable time.

—A large and appreciative audience greeted David Goldstein, of Boston, Tuesday night at W. O. W. Hall, at which time and place he delivered his lecture, "Bolshevism; What It Is; Its Remedy." The address was splendid, a comprehensive exposition of the evil, and the remedy he offered by applying certain principles showed marked wisdom and sound thought. Mr. Goldstein lectured here under the auspices of Pere Leduc Council, No. 1622, Knights of Columbus, of which Jos. O. Maufrey is grand knight.

—As the time approaches for the date of their departure, June 10th, for an eye-and-trip to Denver, Yellow Stone Park and other points West, preparations hasten and excitement quickens in the Spoke-theater hold. Mr. and Mrs. Stokes, the little daughter, Emma Ann, and Miss Light Anley will form the party that will make the wonderful trip. Mr. Stokes has been recently married, has changed the location of his home from New Orleans to Bay St. Louis, and is now a resident of the city.

-like oranges? Drink ORANGE-CRUSH

THE game over—the a quick, sure putt to a long, old drink of Ward's Orange-Crush! Good? You bet it is!

There are few golf clubs in which Orange-Crush and Lem-on-Crush are not the favorites at the "19th hole." Quality, purity and flavor have won this tribute—golfers drink only the best. There is satisfaction in knowing that all the delicious flavor comes from the delicate, fragrant oils pressed from the fresh fruits, purest sugar, and citric acid—the natural acid of oranges and lemons.

—The Saenger Amusement Company has extended the Mississippi Press Association an invitation to be its guest at "Elmwood Manor" on Saturday, May 20th, at the conclusion of the Press Association's annual convention, which will be held this year at Gulfport for three days, that Mayor Webb will co-operate with the Saenger Amusement Company to entertain at a dinner under the spreading oaks on the premises. In a letter last week addressed to the Press Association, the company wrote: "We have the Echo will approve and co-operate in seeking to have the annual convention accepted. We believe, too, that Mayor Webb will co-operate with us in trying to get the Mississippi editors to visit Bay St. Louis. It is worth while to have the newspaper men visit the Bay. We will have entertainment photographed in reel of moving picture." It is needless to say the invitation has been officially accepted and although late the week and after the editors have long from their calling at home, it is not known how many, if sufficient number of newspaper men will be main over to make the visit in an appreciable number. The enterprise of the Saenger Amusement Company is noteworthy, to say the least.

—Mr. Arthur Scalfie, executive manager of the Victory Air Dome, spent yesterday in New Orleans, the interest of his enterprise, contracted for quite a number of excellent feature pictures for immediate projection on the Victory screen.

—An important capture was made in New Orleans Thursday night by Sheriff Joseph V. Bontem of Hancock county who safely landed in the county jail Sam Dells alias Sam Moore, colored, wanted in Bay St. Louis on the charge of burglary and jail breaking, and who has been a large for the past twenty-two months. The capture was made at the corner of Front and Girard streets. Deputy Bonamps was assisted in working the capture by Detectives Jos. Cascard and Willie Ford, of the New Orleans detective force.

—Rev. Bishop John Gunn, Natchez, officiated at the annual communion exercises here yesterday morning at the Church of Our Lady of the Gulf, and last evening administered the sacrament of confirmation to a class of ninety. Both classes of communicants and of those to be confirmed are of the largest here in years, and Rev. Father J. Gmelch, pastor, felt justly proud of the fine showing. The Bishop is an exceedingly fine speaker and his addresses, both morning and evening, were well received by large congregations.

—Messrs. A. A. Kergosien and Arthur Scalfie have been elected official delegates from Pere Leduc Council, No. 1622, Knights of Columbus, to the annual State convention, to be held next week at Gulfport. The executive officials of the Council will also attend as ex-officio delegates. Let Mrs. Mary Graves Tell You Her Poultry Raising Experience.

"Three years ago I bought an incubator, this year I've made money. Rats stole my baby chicks until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in henery. They disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice.

Three sizes, 25c 50c, \$1.00. Sold and guaranteed by L. A. deMontuzin Sons and Bay Mercantile Company.

"There's a good Farmer!"

As you drive through the country it's easy to pick out the farmers who are progressive and prosperous. A shiftless man allows his buildings to become shabby and weather-beaten. The thrifty farmer keeps everything painted with
